DIVYESH PATEL

Vapi, Gujarat, India | pateldivyesh1242@gmail.com | 9662961100

PROFILE

Cybersecurity fresher with a strong foundation in networking, operating systems, and security fundamentals. Familiar with tools such as Wireshark, Nmap, and Nessus for network analysis and vulnerability assessment. Possesses basic knowledge of ethical hacking, secure coding practices, and system security. Strong problem-solving abilities with a willingness to learn and contribute effectively in entry-level cybersecurity roles.

PROFESSIONAL EXPERIENCE

Cyber Security Intern, Corizo **Aug 2025 — Sep 2025**

- Practiced basic web application security testing under guidance.
- Performed introductory vulnerability scanning and reconnaissance.
- Used tools like Nmap, Burp Suite, Nessus, and Wireshark at a beginner level.
- Learned fundamentals of authentication, access control, and common web vulnerabilities.
- Prepared basic security findings and documentation.

PROJECTS

E-commerce Website

Developed an online marketplace using HTML, CSS, JavaScript, and backend technologies with responsive design and secure data handling.

Instagram Clone

Built a responsive front-end replicating Instagram UI with authentication, real-time feed updates, post uploads, likes and comments

Portfolio Website

Developed a personal portfolio website using HTML, CSS, and JavaScript with responsive design. Showcases projects, skills, and includes a contact form for recruiter interaction. Deployed the website using Netlify for live access.

ColdBox Penetration Testing (Cyber Security Project)

Performed penetration testing on ColdBox application: reconnaissance, vulnerability scanning, manual testing, and reporting. Gained practical experience in bug hunting and ethical hacking methodologies.

EDUCATION

Manipal University Jaipur **Pursuing**
MCA (Master of Computer Application) (Distance)

Dolat-Usha Institute **2021 — 2024**
BCA (Bachelor of Computer Application) (Regular) (6.89 / 10.00)

Upasana Lions English Medium School **2020 — 2021**
HSC (58.15)

Upasana Lions English Medium School **2018 — 2019**
SSC (68.16)

CERTIFICATIONS

Cyber Security Intern – Corizo (in collaboration with IIT Bombay Mood Indigo)
Completed a structured cybersecurity internship with hands-on exposure to vulnerability assessment, basic penetration testing, and core security fundamentals, along with practical understanding of ethical hacking methodologies.

Cybersecurity Analyst Job Simulation – Tata Group (Forage)
Completed a practical cybersecurity simulation gaining exposure to security fundamentals, access control concepts, IAM basics, and security risk awareness. Developed an understanding of secure system design, authentication mechanisms, and security best practices relevant to ethical hacking and security testing roles.

TECHNICAL SKILLS

Networking Fundamentals • Cybersecurity Fundamentals • Operating Systems Basics • Vulnerability Assessment • Tools Exposure (Wireshark, Nmap, Nessus, Burp Suite) • Web Development (HTML, CSS, JavaScript) • Secure Coding Practices • Problem Solving • Communication & Teamwork
